

Your Own Personal Computer Guy

Description:

Fast, affordable & professional PC/laptop sales & service. Full service on any brand & any problem. Before your friend tries to fix it, or you spend too much at a Computer Store, you can have an IT manager as your own personal computer guy! A personal, professional service that comes highly recommended. Free professional advice given for any computer questions you may have. Ask an expert before you have someone attempt to repair your PC/laptop, or even before you buy a new one. Friendly, local service with all work guaranteed.
